### Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds. We have worked together to achieve the following results:

- 75.5% of students in Years 1 and 2 are achieving a C or better in English (15.5% above our target);
- 98.1% of students in Year 3 have met or exceeded the NAPLAN National Minimum Standard in Reading (3.1% above target);
- 94.4% of students in Year 3 have met or exceeded the NAPLAN National Minimum Standard in Reading (0.6% below target);

Strategies implemented include:

- Additional teacher aide support to facilitate improved reading outcomes for Indigenous and Early Years students;
- Professional development for teachers and teacher aides to build capacity in the teaching of reading and spelling;
- Building and developing teacher capability in explicit teaching practices in literacy through coaching and associated support;
- Building consistency of practice around the 14 Parameters of Effective Learning (*Sharratt, L & Fullan, M. – Putting Faces on the Data, Corwin Publication, 2012*).
